

Pierce Cedar Creek Institute

Native Plant Sale

(In-Person Sale and Pre-Order Pick-up)
Saturday, June 3
9 am – Noon

Online Pre-Orders Accepted: April 1 – May 29
at CedarCreekInstitutePlants.com

**Pre-ordering is highly recommended
as plant inventory is limited and may not be available at the In-Person Sale.**

This year's native plant sale will include 50 different individual species—8 grasses and 42 wildflowers—and four curated garden plant mixes: Monarch Waystation/Pollinator Mix, Urban Garden Mix, Native Shoreline Mix, and Shade Garden Mix. For more information on these mixes, as well as a complete plant list with prices, visit CedarCreekInstitutePlants.com.

To help you make the best choice for your native plant garden, staff and volunteers will be on hand to answer questions and offer suggestions. Books on native plants and tasty baked goods will also be available for purchase. All proceeds will support the Institute's ongoing efforts *to inspire appreciation and stewardship of our environment*.

For plant-specific questions, contact Stewardship Manager Mary Parr
at (269) 721-4192 or mparr@cedarcreekinstitute.org
